

WEBINAR – You’re Invited!

Unfolding hATTR: Update on Cardiac Amyloidosis

Are you or a loved one living with hereditary ATTR (hATTR) amyloidosis? On behalf of Hereditary Amyloidosis Canada, we’d like to invite you to our first webinar for Canadian patients, caregivers and family members to help “unfold” this rare condition.

On November 16, 2019 at 11:00 a.m. EDT, Dr. Diego Delgado, Associate Professor of Medicine, University of Toronto; Site Director, Division of Cardiology Toronto General Hospital; and Co-Director Cardio-Oncology Program at University Health Network, will present the latest information on cardiac amyloidosis and hATTR treatment options. Following his presentation, Dr. Delgado will respond to questions submitted by attendees.

We hope you can join us! Reserve your spot today.
